

### Environmental Policy

***Flosolve recognises its legal and moral responsibility to protect the environment, including prevention of pollution and other specific commitments of proactive measures to help protect and sustain the environment for future generations.***

#### **Leadership & Commitment:**

Management will demonstrate leadership & commitment by:

- Taking into accountability for the effectiveness of the environmental management system
- Complying with the relevant Environmental Act and applicable codes of practice as far as reasonably practicable
- Ensuring that the environmental policy and objectives are established and are compatible with the strategic direction and the context of the organisation.
- Ensuring that the resources needed for the management system are available
- Communicating the importance of the effective environmental management and of conforming to the environment management system requirements
- Directing and supporting persons to contribute to the effectiveness of the environmental management system
- Promoting continual improvement
- Supporting other relevant management roles to demonstrate their leadership as it applies to their areas of responsibility

#### **Application of this policy:**

We seek the co-operation of all employees, customers, contractors and visitors. We encourage suggestions in realising our environmental objectives to promote and sustain the environment for future generations. This policy applies to all business operations.
